

WHAT TO BRING TO LIVE ON CAMPUS

We are so excited to have you stay with us here on campus this year. Moving to college will go smoothly with the proper planning. You'll find the list below useful for planning, shopping, and packing. There are many ways to customize your space with bedding, lamps, accessories and more. You can learn more about your room's standard features and amenities by visiting your respective [Residence Halls page](#) for more information!

Move-In Tip: Students are strongly encouraged to clearly identify their full name, Jag#, building and room number on all personal belongings for moving into their room.
